

1029 Beach Drive
The John Henry Hinton House
Built 1928
Architect: Samuel Maclure

Set back from the road in a large and well-kept garden this Tudor-style home cost \$10,000 when commissioned by Mr. Hinton. Already retired and living previously at 912 St. Patrick St, this home must have represented a substantial increase in retirement comfort for Mr. Hinton. The prominent tudor gable is flanked by small semi-dormer windows.
