seaside hotel.*

## DISTINCTIVE UNIQUE COMFORTABLE

**J**ust a few words people use to describe the old-world charm of the Oak Bay Beach Hotel. And they've been using them for over fifty years. A hotel unlike any other. A hotel in which every room is different. *Dear Janet, Never thought we'd sleep in a genuine English antique four-poster.*

Timeless warmth, comfort and hospitality. *Fabulous* buffet lunch. There goes the diet! What a way to go. And go again later in the evening, for elegant candlelight dining. *And the hotel serves High Tea in the lobby (more antique furnishings!), and just around the corner, the hotel has this terrific little place . . . That "little place" is what Locals call "The Snug".* The name nicely conveys the cosy, intimate feeling of Oak Bay's favorite "place to be".

A hotel nestled among the oak trees in a seaside

setting has a lot to do with those good times and happy memories . . . *As I write this I'm sitting on my balcony, overlooking the ocean . . . Watch the boats close-hauled into the wind. Spot the tell-tale plumes of spray. The whales have returned . . . Took a walk in the garden this afternoon . . . The hotel's own garden, we hasten to add. Follow the gently sloping pathway as it winds down to the sea. The Oak Bay Beach Hotel. Away from it all, but close enough for you to get there!*
