Get prepped on the Oak Bay Beach Hotel redevelopment plan before it goes to a public hearing Sept. 12.

Hotel owners Kevin and Shawna Walker are hosting two public forums Sept. 6 and Sept. 10 at 7 p.m. in the hotel's Oak Room.

A fly-around animation of the proposed hotel is now on display in the hotel's redevelopment centre.

The project first came before Oak Bay council members three years ago. The first hotel designs requested a 190,000-square-foot development.

After numerous revisions, the Walkers now want to replace their 49-room hotel with a 139,000-square-foot hotel with 100 strata-title hotel units and 20 condominiums.
