

## Gordon Head Area

1555 Ash Road

George and Florence Effy Day

The Days were farmers from Standard, Alberta, who became fruit farmers in Gordon Head. In 1930 the property was purchased by Charley and Ruth Strom, whose family lived and farmed here until 1956.

Brick houses are rare in Saanich. This Craftsman-style example has a concrete foundation, brick over frame on the main floor, and decorative half-timbering in the gables. The front porch has been enclosed with windows.
