

1590 Beach Drive
The Captain and Mrs. Laurence
Adamson House
Built: 1928
Architect: K.B. Spurgin

Captain and Mrs. Adamson were living at 1155 Monterey Avenue when they purchased this property in 1922. The house was built in 1928 at a cost of \$8,000 and described by the architect on the plans as "a semi-bungalow". The house has been converted to duplex use, and with its stone wall on two sides and mature plantings, fits well into the character of the area.
