** THE RAINBOW MANSION (W.J. Semey-1947-1948)
805-811 Academy Close --

A flat roof apartment block, faced with grey broken-glass stucco and relieved with decorative horizontal metal banding; due to the sloping site the height ranges between two and one-half and three stories. The wooden windows are original, with several octagonal windows as a prominent design feature; the iron railings also display the octagonal decorative motif. There are ten suites in the building, each with its own entrance, and a two car parking structure adjacent. Good condition.
