

\*\*\*\* ST. JOHN'S WAR MEMORIAL PARISH HALL (F.W. Nicholls, 1950-  
1951)

925 Balmoral Road

*ALCO*

A two storey poured concrete flat roof meeting hall. This is an interesting stylistic compromise between Late Moderne and the International Style; a powerful composition is the result, with the facade geometry dictated by an asymmetrally placed cross element. Good condition.
